

Whistleblower lifts lid on St. Louis kids gender clinic: ‘Morally and medically appalling’

Clinics doling out medications to kids demanding gender transition are “permanently harming” them in “morally and medically appalling” procedures with little oversight, according to a former clinic worker.

In a stunning condemnation, Jamie Reed, 42, a former case manager at the Washington University Transgender Center at St. Louis Children’s Hospital, said she quit in November after four years “because I could no longer participate in what was happening there.”

“What is happening ... is morally and medically appalling,” the whistleblower warned Thursday in a piece for The Free Press.

According to Reed — who describes herself as a queer “progressive” and married to a “trans man” — soon after she started working at the pediatric gender clinic, she was “struck by the lack of formal protocols for treatment,” leaving physician co-directors as the “sole authority.”
