A wide-angle photograph of a deep canyon. A river flows through the center of the canyon, winding slightly to the right. The river is a deep blue color. The canyon walls are made of layered rock, with the upper sections being a reddish-brown color and the lower sections being a lighter, yellowish-tan color. The walls are steep and show signs of erosion. In the distance, the canyon continues, with more layers of rock visible. The sky is a clear, pale blue. The overall scene is one of natural beauty and grandeur.

Establish your hearts, for the
coming of the Lord is at hand.

A photograph taken from the interior of a cave, looking out through a large, irregular opening. The cave's interior is dark and textured with warm, golden-brown rock walls. Outside, a bright sun is setting or rising over a body of water, creating a strong lens flare and illuminating the sky with soft, orange and pink hues. The water reflects the light, and the distant shoreline is composed of layered, rocky cliffs. In the foreground, dark, jagged rocks are scattered along the cave's edge and in the water.

GOD’S ANNUAL HOLY DAYS

The seven annual Holy Days or “appointed feasts” depict God’s plan of salvation for mankind. They are ordained by God and were kept by the ancient Israelites according to the times and seasons He created. In this calendar, the beginning of each Biblical month has been noted. Days are counted from "evening to evening" (Genesis 1:5, Leviticus 23:32). The Holy Days were observed by the early New Testament believers and are still kept by Christians today.
